

On behalf of **RNA Salon Poznań**, we are launching a contest for:

- 1) The most interesting Bachelor thesis from academic year 2020/2021, defended till 30th of September 2021;
- 2) The most interesting Master thesis from academic year 2019/2021, defended till 30th of September 2021;
- 3) The most interesting publication published in 2020-2021, with the student's co-authorship;
- 4) The most interesting publication published in 2020-2021, with the first or second co-authorship of PhD student;

with a possibility of conferring equal awards in each category.

Criteria: RNA subject, use of advanced techniques, the student's contribution

Each award is equivalent of 100\$.

Application should be send by email to [doracz@amu.edu.pl](mailto:doracz@amu.edu.pl), entitled "Konkurs RNA Salon", till October 15th, 2021.

Please, attach: 1) pdf file of your thesis/publication; 2) short description about your work and its significance in RNA research, in case of publication also short description of the student's contribution to the paper (max 1 page A4, ~250-750 words).

The results will be announced till December 12th, 2021.

We are planning to re-call this competition in next years.

Dorota Raczyńska & Zbyszek Warkocki
